Three places paid out. | Each of the 4 players must play the red ball on at least two holes (one player will play the red ball on 3 holes). There are two line items of net scores: a Red Ball Net Score and a Low Net Score. The Red Ball Net Score is the net score of the red ball player, whereas the Low Net Score is the low net score of the remaining 3 players. <b>HOWEVER</b> , If a red ball player loses the ball then the the red ball scores are eliminated from the game altogether, and from that point forward the Low Net Score applies now to all 4 players.
