

2023 BATTLEMENT MESA MEN'S LEAGUE SCORING

- 1) A total of 6 points will be awarded for team and match play; 2 points for each singles match and 2 points for the team match.
- 2) If one team has 2 players and the opposing team only has 1 player (no sub) then the single player can only get a potential of 4 points. The team with 2 players automatically wins 2 points in the match play from the missing opponent. The single player is still playing for match play and team.
- 3) If both teams are missing a player then only 2 points will be awarded for the match
- 4) In the event an opposing team is a no-show, 6 points will be awarded to the team that is present, provided they both play the entire round.
If there are 3 missing players then only 2 points will be awarded to the player that is present, provided he plays the scheduled match.
- 5) Points will be halved for matches ending in a tie.

6) NEW THIS YEAR - All players are to putt out each hole. With the singles games, skins and team matches, not putting out could result in someone not winning who has puttied out. This will also help ensure the integrity of GHIN and the game of golf.

The bottom line is for each team to be responsible for their own team. If you can't make it one week, call a sub and let the pro shop know so they can get the proper scorecards out in time.

The deadline for subs to play for the week is the Monday prior to league play.

If you have any questions in regard to scoring, points, or any other issue regarding the league, please contact the league committee members; Pete Meyers, Wendell Goad, and Eric Miller.

If you have a question about a USGA ruling, please contact the professional on duty or a committee member.

Thanks and let's have a great season!
